Hi A,, [REDACTED]

Please find attachment for IFI 10th standard.

size#8 screw would not able to apply with #1/4 Phillip drive as #1/4 recess dia 0.277 REF is larger than (A) across flat 0.244/0.250".

Also the [REDACTED]
[REDACTED]

We suggest to apply with #8 Phillip drive based on least edition IFI-10TH :
Recess dia 0.168" & recess penetration gaging depth 0.090/0.115" of TYPE I Phillip drive.

Please check and let us know if any question, thank you.
